#1. The KHDA approved tuition fees and book/resource fees have not changed from the previous academic year. The tuition and book/resource fees are combined this academic year and no separate book shop visits will be necessary at the start of the year. Students will receive their books and login details for e-resources from the teachers during the first week of term. All stationery, notebooks and physical/e-textbooks are included in this amount.

#2. Standardised tests are determined by KHDA or MoE every academic year and the fees will be collected for only the relevant year groups as per the KHDA/MoE guidelines.

#3. This academic year, parents must complete and sign the attached agreement between the school and the parent BEFORE registration of the student for the 2021-22 academic year.

*The fees for different year group may differ depending on the Progress Tests available for respective year groups. Progress Tests for Science are not available for all year groups.

**** This academic year AUS will invest in a standardised reading level and intervention program to strategically and measurably improve the reading levels of all our students.**

*** The IGCSE/AS/AL examination and certification fees are influenced by the Cambridge Assessment International Education (CAIE) costing structures every year.
