Date: June 9, 2023

Dear Parents,

I hope this message finds you well. As we near the end of a productive academic year, we have been proud to see the progress made by all our students and want to ensure that they continue to receive the best possible education. We would like to request your continued support as we strive to maintain this momentum.

CAIE exams

We would like to express our deepest gratitude for your unwavering support during the CAIE examinations. Your cooperation and support have been invaluable in achieving a smooth and successful completion of this important phase in our students' academic journey.

Graduation events

As the school is gearing up for the upcoming week's graduation events, we are excited to celebrate these momentous occasions with our graduating students, FS, IGCSE and Sixth Form. We anticipate your presence to make this event a rewarding one.

FS intervention

We are pleased to inform you that our school has successfully implemented an early intervention programme for incoming FS students, which includes virtual lessons. We will soon organise a focused orientation session for the parents of FS students moving to Year 1 to address the transition needs measuring their readiness towards the next phase of their learning. We would like to remind parents that their active involvement in this journey is crucial for their child's academic progress.

In-house internship

We would like to inform you about the work experience provision our post-16 programme offers, which was designed to equip our senior students to emerge as well-rounded individuals, unleashing their potential. We are committed to providing experiential learning that prepares our students for a successful future.

Hot Weather Policy
