Date: October 24, 2025

Dear Parents,

We want to share the success of our marvelous Science Fair this week, which showcased the incredible talents of our budding scientists. It was truly a joy to witness the collective success of our students, teachers, and parents, all coming together to inspire a spirit of curiosity and forward thinking.

Our Post-16 Science students had the opportunity to participate in the 19th Annual Inter-school Medical, Science, Arts & Humanities Exhibition and Contest held at Gulf Medical University, RAK. We are excited to provide more opportunities like this in the future, which will help enhance our students' awareness and readiness as they prepare for their next stages.

As part of our commitment to Compliance and Safeguarding policies, we would like to remind all families of a few important points that require your attention and support:

Attendance: Please ensure that your child maintains high attendance and arrives at school on time. Attendance will be marked during registration with the homeroom teacher.

Communication: As outlined in our Parent-School Contract page 4, please provide the school with the written details of any Court Order which gives custody rights over a child to only one parent, for example as the result of a divorce or other circumstances. This ensures transparent and safe communication, strengthening our school-home partnerships.

This October, in recognition of Breast Cancer Awareness Month, our school has organised various awareness initiatives for our community. Today, we celebrated PINK Day, showing our support for this important cause while contributing to both our school and the wider community.

As part of our extended 50th anniversary celebrations, we sealed and buried our AUS Time Capsule today at 10 A.M., filling it with beautiful memories of the present. We look forward to opening this special box in 25 years, hoping to see our school and children growing in ways that reflect the flourishing and harmonious legacy we cherish today.
